MESSAGE FROM THE SUPERVISOR

AND MUCH MORE...

From the Principal's Desk...

I take this opportunity to congratulate the “Editorial Team” KG and Early years for bringing forth the last Edition, end of Term CBSE and the academic year IGCSE Newsletter, 2019-2020.

The COVID-19 pandemic has shaken the world with each day startling news of fear and agony being shared on the News and over the social media. In such a challenging situation, It’s indeed exciting to see our staff and students adapting to the paradigm shift in teaching and learning, to Distance mode of Learning. Our Tiny tots who were accustomed to seeing their teachers sharing morning HI5, hugs, smiles and greetings; were suddenly confined to their sitting rooms with their gadgets and screens and the virtual class! Some were indeed emotionally disturbed looking out for their friends who shared the Class benches with them every day! I congratulate our teachers for winning the confidence, holding the children’s interest in teaching and learning for the continuity and progression in the curriculum, with a plethora of

innovative and creative activities in this unprecedented testing time coming out triumphant in terms of learning, safety and wellbeing! This newsletter speaks volumes about their highly involved actions during the distance learning phase which are engaging enough for the values promoted for physical, social and mental wellbeing. Especially the Ramadhan Calendar and other academic activities kept them well engaged productively.

Innovation and creativity are integral in every student's life for which our teachers are striving hard in promoting meaningful and productive collaboration with all the stakeholders to hone the students skills.

Section Supervisor and coordinators deserve all accolades in bringing forth this edition of the newsletter.

It takes us through all the academic activities relative to social aspects, values attributed to life through fun and frolic for their wellbeing.

Now that we have come to the end of the academic year I wish all the students and staff, a happy well deserved summer vacation. Parents' efforts are thanked and acknowledged, as their support helped us cruise the Distance Learning journey through the pandemic.

The teachers are coordinating with the parents and children for a meaningful and well-engaged holiday assignment and wellbeing activities, which would be stepping stone for the students' expectation milestones for the upcoming level.

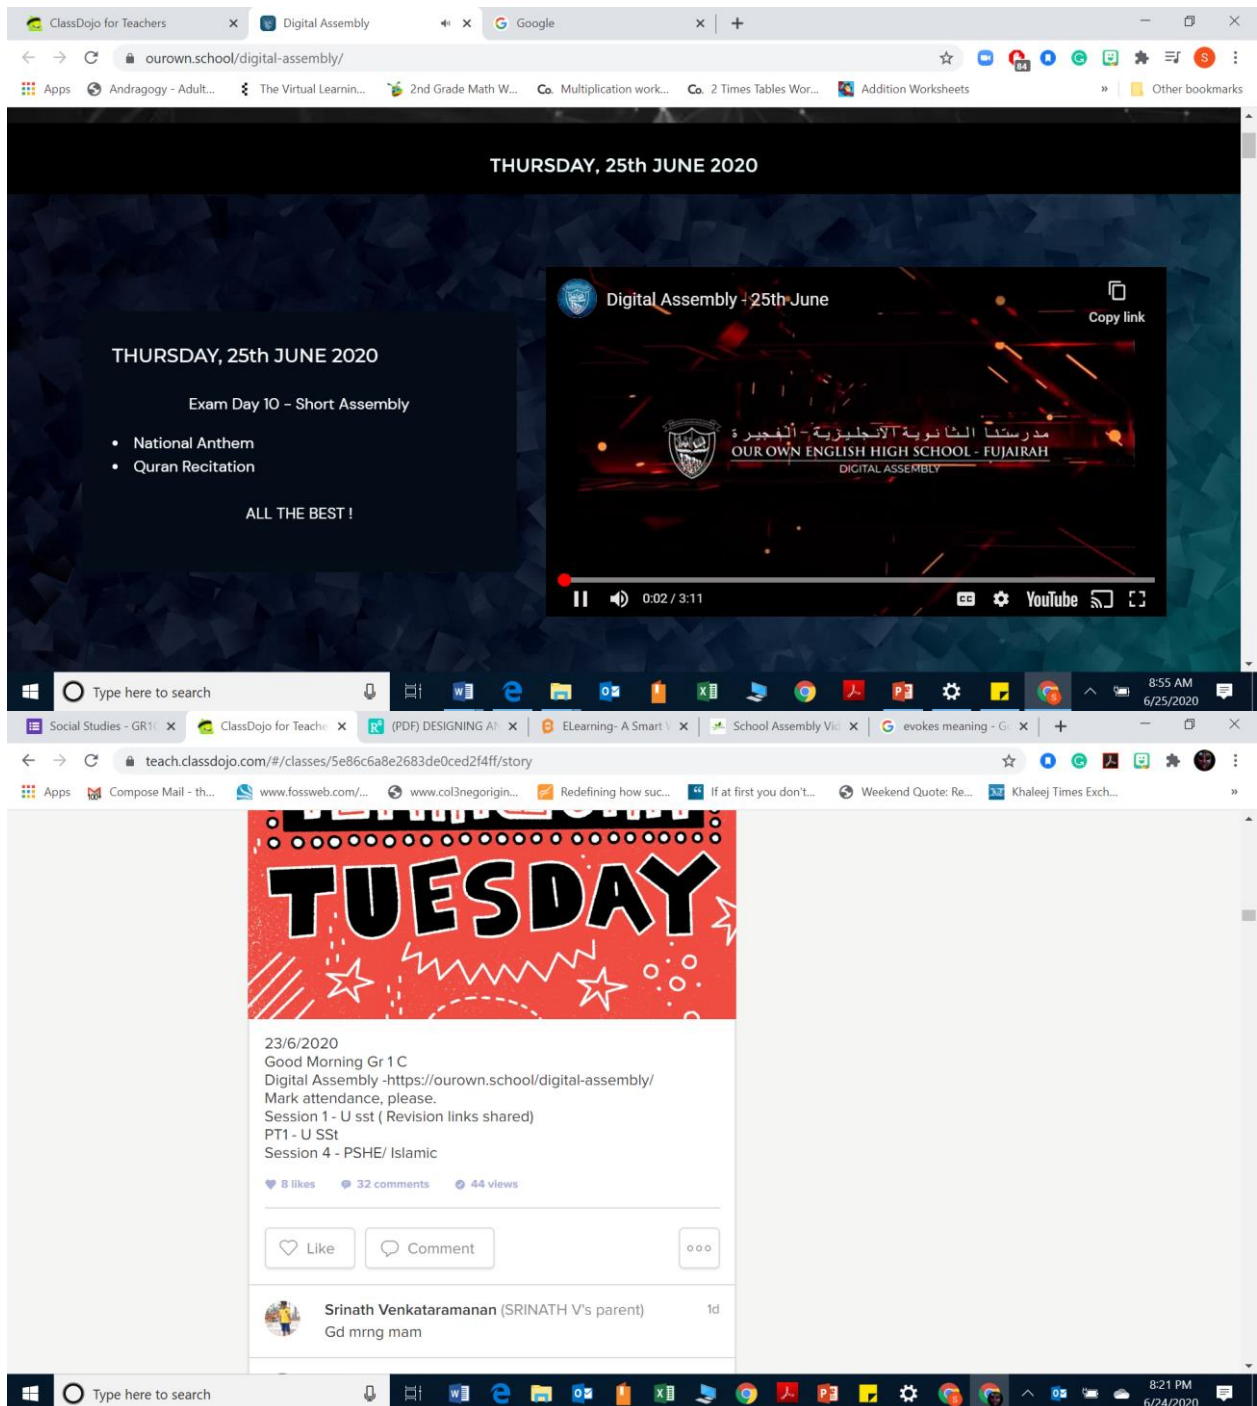

Have a happy holiday and see you in the best of health when the School re-opens. Stay safe!

Mrs. Saleema Mahmoodi

Principal.

DIGITAL ASSEMBLY – THE SPIRIT OF OOEHS

Digital Assembly kick starts E-learning, with the touch (Spirit) of OOEHS’ daily assembly through public address system (PA system). Addresses by SLT evoke the sense of belonging towards OOEHS. Overall, it creates a learning atmosphere for teachers and students to engage in effective and productive teaching and learning.

RAMADAN ACT OF KINDNESS CALENDAR

For thirty days activities were given to the children to make them aware that Ramadan is a very important time for Muslims. Ramadan is celebrated by Muslims worldwide. It is a time to be kind to others and do good deeds. The children of Junior school celebrated the month of Ramadhan with various acts of kindness. These acts of kindness were done and posted in portfolios in the form of interesting posters made by the children.

Day Twenty Six

Today I can... clean my room without being asked.

Who tidies your room? Can you clean it up today? If someone else usually does it, they will be really happy!

Every day our house made clean my room but today I will

Back

Clean my room.

Day Twenty Seven

Today I can... be calm.

We all get angry sometimes. What could you do to try and stay calm?

- 1) I have to sleep early.
- 2) pray on time
- 3) listen to quite music.

COVID - 19 IN JUNIOR SCHOOL

As Per MOE directives, OOEHSF initiated three minutes of educational Corona Virus awareness activities in daily lessons. The sole purpose for the program was to educate students about COVID-19. The Program lasted for two weeks starting from 1st June, including activities such as class discussion, model making, speech, singalong, and role play. Student's and parent's positive vibes towards the programme was witnessed in Class Dojo portfolios.

	Aafia Abdulmujeeb (AAFIA A's parent) 24d Wash your hands with soap, social distance and stay home safe from covid 19

	SERAH MARIA Varghese (Serah M's parent) 24d Always wash your hands with soap 30 seconds
	Vaishnav Hariharan (Vaishnav H's parent) 24d

MOTHER'S DAY

Our Own English High School, Kindergarten and Junior section conducted 'Mother's Day on the 10th of May 2020. Mother's Day is a celebration of honoring the mother of the family, as well as motherhood, maternal bonds, and the influence of mothers in society.

To begin the activity a melody song was dedicated to all the beautiful mothers. A booklet with the heading "My Mom and Me" was told to be prepared expressing all the work that their mother does for them.

We also had the activity of making a crown and a card as a token of love and appreciation and gifting it to the queen of the day. At the end they took a video of them crowning their mom and presenting the card and speaking a few sentences on how much they love their mother.

Children enjoyed doing the art and craft work and presenting it...

ENVIRONMENTAL DAY - WASTE TO WEALTH ACTIVITY

WORKSHOP FOR BETTER TEACHING

The Primary teachers of Our Own were indeed privileged to be a part of the Madhubun Webinar Series of online workshops for school teachers being conducted by Ms. Namita Basotra. For a period of one and half hours, about 114 math teachers from various Gulf countries were glued to their laptops listening, participating and noting down all the interesting tips given by Ms. Namita. She shared her years of experience in teaching Math by giving us useful tips on how to make Math magical, easy and lovable for children. She explained the importance of always looking at each topic from 2 angles—as a teacher and as a student. She emphasized the need to make ‘zero to hero’ lesson plans—as she likes to call them. Teachers need to plan for the very low achievers so that they feel like heroes!! Ms. Namita explained the importance of letting children make mistakes. ‘They are to be expected, respected, inspected and corrected’ said Ms. Namita.

GULF SCHOOLS

**Making Math
Easy and Lovable**
for PRIMARY TEACHERS

SATURDAY
JUN 20th
4:30 p.m. to 6:00 p.m.
(INDIAN STANDARD TIME)

Ms NAMITA BASOTRA
Educationist Math Expert

Register now by clicking on the link that follows this invite.

She also shared various origami activities that can be incorporated into lessons in order to make children feel shapes, lines of symmetry etc. It was an informative session for which all teachers were immensely grateful—to her and to the management of their respective schools for providing such a wonderful opportunity to interact with a versatile and dedicated teacher!

E-LEARNING EXAMINATIONS

Exams are the ways to find out the real skills, talents and knowledge of the students acquired from daily learning. The Periodic Assessment 1 for CBSE and Formative Assessment 4 for IGCSE were conducted from the 14th to 28th June 2020. The examinations were conducted using Google Forms. Junior School students were very familiar with Google forms, as they were assessed for learning (AFL) using the same application in daily lessons. Thus they effortlessly utilized the technology with much enthusiasm and dedication to showcase their learning in knowledge and understanding, application, communication and Higher Order Thinking Skills.

Gr1 AFL - Number names 40-50

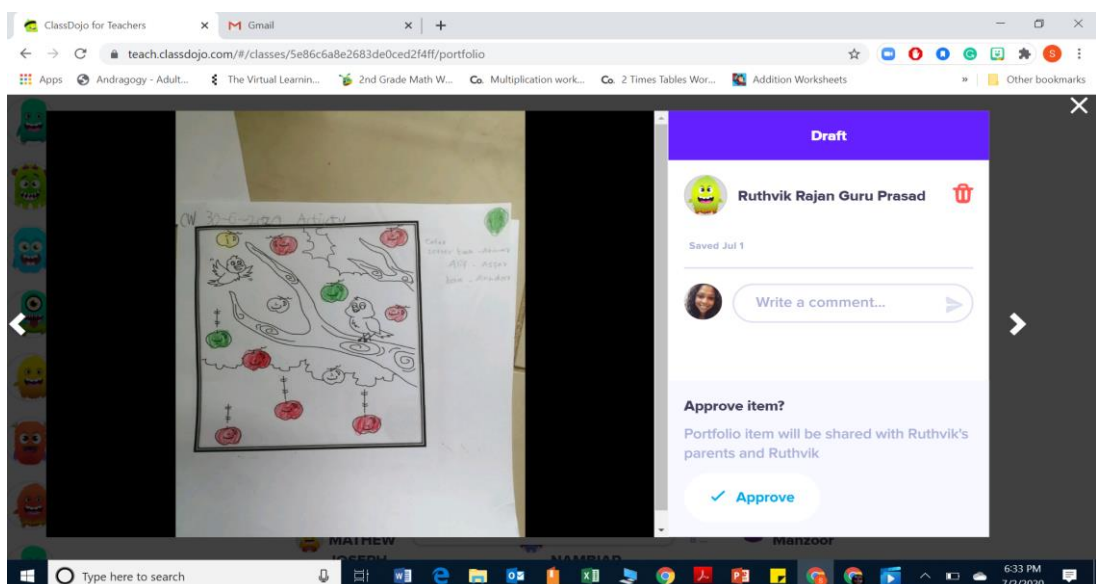

Able to spell read and write number names 40-50

TRANSITION PROGRAM-29TH JUNE TO 2ND JULY 2020

We at Our Own, were sensitive to the needs of the students during this unprecedented situation. The students were given a Transition program so that they are aware of what they will have to expect when they come back to school in September! A separate time table was chalked out for the kindergarteners and the juniors to follow after they completed their final tests (IG) and the periodic tests. (CB)

Students were given revision of the work done after the tests and also had some interesting activities to look forward to, during this transition period. The children were able to hone their reading, writing, listening and speaking skills with the help of various interesting activities planned for each of those four days. Brain teasers in the form of puzzles, simple Sudoku and the like, kept our little one's active right up to the last session for the term online!!

The heads of school also addressed our students via the digital assembly and gave them motivational tips to stay positive during these days and come back with renewed vigour in September.

WELLBEING

Wellbeing – it’s a word we hear a lot these days. We understand that it’s important for our kids; but it’s not always clear exactly what it is, how we know if they’ve got it, and how we can help them to get more!

Keeping this in mind OOEHF worked on a week’s programme making aware of the importance of wellbeing and easy ways to work on. Class teachers, school doctor, school counsellor, PE teacher and the Arabic teacher contributed to this programme to improve wellbeing of each student of OOEHF.

Whose child is this? -Author unknown

"Whose child is this?"

I asked one day, seeing a little one out at play.

"Mine", said the parent with a tender smile, "Mine to keep a little while, To bathe his hands and comb his hair, , and each day do the things he should".

"Whose child is this?"

I asked again, as the door opened and someone came in. "

Mine", said the teacher with the same tender smile, " Mine to keep just for a while, To teach him how to be gentle and kind, to train and direct his dear little mind, and get the best he can from school".

"Whose child is this?"

I ask once more, just as the little one entered the door.

"OURS" said the parent and the teacher as they smiled, and each took the hand of the little child, "Ours to love and train together, ours this blessed task forever".

Beautiful lines by the unknown author is the mouthpiece of the journey of each student , parent and teacher.

My dear young charges, you all have already made your mark in the galaxy and in your own craft . This Newsletter is the perfect amalgamation of many moments of learning and growing together.

I, on behalf of the entire Our Own family would like extend our gratitude to the Principal & the Management of the School for whom there is only one priority: Students and Thanks to my students, parents and teachers who all together wrote the beautiful journey of learning and growing.

All the Best...Keep shining!!!

With Every Good Wish,

Ms. Diba Siddique
(Supervisor : Early Years and Junior School)

HAPPY HOLIDAYS

We have come to the end of this academic year, and what a term it has been! We are so proud to say, in spite of the pandemic and the switch in teaching and learning, we once again have a success story to tell. Determination, commitment and hard work of junior school with the support of parents led to this victory.

We appreciate our parent body in their continued support of the school. We are delighted to have you working with us.

We look forward to welcoming you all back to the school in September.

Wishing you all a relaxing and rejuvenating summer break.

Stay at Home and Stay Safe.

Happy
